RE: RECOMMENDATION FOR LOGO 2000 PROJECT

Logo 2000 has been one of the vibrant projects working towards reinforcing Literacy and Languages teaching and learning in Mambwe District to both teachers and learners.

The programme has been of great help to learners and this has seen the district achieve positive progression of reading and writing. The programme is being implemented in 10 schools and the outcome is very encouraging. You may also wish to know that the district has been first at Grade seven results. This programme may have greatly attributed to the success for the past three years.

I, therefore, recommend that the programme be scaled up to a good number of schools in Mambwe district and beyond to help in the Oral language, reading and writing.

Your favourable response will be highly. Appreciated.

Brainley O. Malambo (Mr.)
PROVINCIAL EDUCATION OFFICER
EASTERN PROVINCE
